Media Release

July 24, 2025
For immediate release

Thorsby and Warburg Nurse Practitioner relocating to new Nurse Practitioner clinic in Leduc.

The Leduc Beaumont Devon Primary Care Network (LBDPCN) is pleased to announce the opening of a third Nurse Practitioner (NP) clinic, which will be located in Leduc. This new clinic is located within the central PCN office (4710-50 street, Leduc), and is part of a larger strategy to meet the growing demands of unattached patients in the city.

After a prolonged recruitment process, Michelle Williams, the current NP for the Thorsby and Warburg locations, has been selected as the successful candidate for the Leduc clinic. Michelle has dedicated over five years to Thorsby and Warburg, assisting in the establishment of a highly unique, independent NP practice that has become a model for other practices around the province. After much thoughtful consideration, Michelle made the difficult decision to work closer to home and, with full support from the LBDPCN, is looking forward to assisting in establishing the new clinic. Congratulations Michelle!

Patients currently under Michelle's care have received a letter informing them of her transition. All existing patients are welcome to remain attached and continue seeing Michelle at the Leduc location/virtually. Future patients and patients on the waitlist are also eligible for services in Leduc. To schedule an appointment with Michelle in Leduc, please call the NP clinic at 825-320-3000. Michelle's existing patients can continue to book appointments by calling the NP clinic at 825-320-3000. The office will contact patients on the waiting list once Michelle has transitioned fully to Leduc and her capacity allows her to accept more patients.

To assist with the relocation, the LBDPCN has created a staged transition timeframe:

As of September 2, 2025, Michelle will be located:

- Mondays in Thorsby
- Wednesdays in Warburg
- Tuesdays, Thursdays, and Fridays in Leduc

As of November 3, 2025, Michelle will be entirely transitioned to Leduc.

In the interim, the LBDPCN is actively recruiting a Nurse Practitioner to fill Michelle's current role in Thorsby and Warburg. If successful with recruitment, the new NP will work with Michelle to assess the entire caseload/panel, and patients will be given the option of location. Patients who prefer to explore other options can utilize the services at AlbertaFindADoctor.ca to find a family physician or nurse practitioner who is accepting patients.

NP services in these communities have been made possible through the Primary Care Network Nurse Practitioner Support Program. We also thank the communities and councils of Thorsby,

Warburg, AHS and Leduc County for providing infrastructure and supportive funding; this is an invaluable joint initiative enhancing the health of our communities. We look forward to continued partnerships.

For more information about Nurse Practitioners, please visit the LBDPCN website - [Nurse Practitioners](#).

Have you ever wondered about your child's development? The Ages and Stages Questionnaire provides a fast and helpful look at how your child is doing in important areas like communication, social skills, motor skills and problem solving skills. Screening can identify your child's strengths, uncover new milestones to celebrate and reveal any areas where your child may need support. It helps you understand your child's development and know what to look for next.

The ASQ and ASQ:SE questionnaires are designed to help you monitor your child's development at regular intervals from 2 months to 5 years of age. To access these questionnaires, go to our website below.
